

FREQUENTLY ASKED QUESTIONS

In this document, we have included some information that you may be curious about!

WHAT IS ART JAMMING?

An art jam is not an art class.

In a 2 and a half hour art jam session, art jammers are provided with the equipment and space to create artwork freely, without any instructions or inhibitions.

Participants will also get to bring their art piece home!

WHAT IS PROVIDED?

All participants will be provided with:

- a reference image to paint
- an apron
- an easel
- a canvas (size dependent on activity chosen)
- palette
- unlimited paint
- paintbrushes
- a rag
- a bowl of water
- access to our humble pantry (snacks and refreshments!)

IS THERE A PROGRAMME OUTLINE?

Art comes in different styles – there is no one “correct” way.

Art jamming is not about teaching people how to paint, but for participants to discover their own creative style. Don’t worry, tips and guidance will definitely be provided.

In other words, nope we do not have a fixed programme outline!

DO I HAVE TO PREPARE ANYTHING?

As acrylic paint stains clothing, we advise our art jammers to be dressed in clothes they don't mind getting paint on. We'll be providing aprons but do dress accordingly to be on the safe side.

For Corporate Art Jam, participants do not need to prepare anything. Leave the planning and preparation to us! We'll pick the images for you to paint beforehand.

Just come with an open heart, an open mind and prepare to be amazed at what you can do!

WHAT IF I CAN'T FINISH MY PAINTING?

If an art jammer is unable to finish their artwork, we will dry their artwork first.

After which, we will provide them with a plastic carrier, so they can bring their canvas home and complete their painting at their own leisure.

WHAT AMENITIES ARE AVAILABLE?

Our humble studio provides:

- An air-conditioned environment
- Natural lighting in the day
- One toilet and three sinks
- Mini-fridge
- Wi-Fi
- Bose SoundLink Mini Speaker
- Tables and chairs
- Painting materials (canvas, paint, brushes & apron)

HOW DO I GET THERE BY MRT?

From Lavender, take the exit to the ICA. When you reach the next road junction, turn left. Walk straight down the road. When you see UOB, that means you have reached the building.

From Nicoll Highway, take the overhead bridge out of the MRT. You will pass City Gate and Sultan Plaza before reaching Textile Centre on your right.

WHAT ABOUT THE BUS?

The respective bus stops with their buses available are as follows:

- **Jalan Sultan:**
107, 961, 980

HOW DO I EVACUATE IF THERE IS AN EMERGENCY?

Fire exits are located on both sides of the corridor, as shown in the next page.

In the event of an emergency, art jammers will be evacuated to the nearest and safest route.

1. The fire escape on the left of our studio's entrance
2. Our studio's entrance (down the stairs, enter the glass door on the left)
3. The fire escape on the right of our studio's entrance
4. A panoramic shot taken, standing in front of the entrance of our studio
